***Soft Soothing Sounds* Announces an Innovative New Album *Autumn Aspens* by Craig Colley**

Laguna Niguel, CA - *Soft Soothing Sounds* is proud to announce the latest album release from Craig Colley. *Autumn Aspens* is now available on YouTube, Spotify, Apple Music, Amazon, iHeart, Pandora, Deezer and wherever you listen to music.

*Autumn Aspens*, an original piano / video compilation, is soothing music inspired by the golden backdrop of an aspen forest (located outside of Flagstaff, AZ).

The album consists of 8 new original instrumental piano pieces. Some of the favorites are Golden Glow, Autumn Aspens, Enchanted Colors and Fallen Leaves. The album is 1 hour and 7 minutes of heartfelt melodies and chord progressions.

It is simply magical how Colley creates his music 'live' with breathtaking artistry. There aren't any re-takes, do-overs, or manipulation of audio tracks so predominant in modern music.

Listeners of *Autumn Aspens* report that it is possible to have consistently productive, upbeat, and grounded days with less stress, anxiety and pain while viewing and listening to the dynamic and beautiful intonations.

*"This is so peaceful to hear and watch. Thank you for sharing your creative gifts to us all."*  
Den L.

Colley, a classically trained composer, musician, and videographer designed *Autumn Aspens* to promote self-care.

"I was looking for relief from my health issues and I found that nature sounds and images, combined with soothing instrumentals helped distract me. My calling is to create a platform of sound and visuals to help others relax, recover from sickness and pain, meditate, focus, or sleep in a gentle, serene environment. "

*Autumn Aspens* has already garnered thousands of views on YouTube and can also be viewed on Facebook, Instagram, TikTok and LinkedIn. (YouTube – Complete album and music video - <https://www.youtube.com/watch?v=AviYn030aYI>)
