### ***Soft Soothing Sounds* Announces a Romantic New Album *Glow* by Craig Colley**

Laguna Niguel, CA - *Soft Soothing Sounds* is proud to announce the latest album release from Craig Colley. *Glow* is now available on YouTube, Spotify, Apple Music, Amazon, iHeart, Pandora, Deezer and wherever you listen to music.

*Glow*, an original piano and music video masterpiece is romantic music inspired by the longing for self-care, inner peace and meant to be shared with someone special when feeling romantic.

The album consists of 8 new original instrumental piano pieces. Some of the favorites are Touch, Fingers, Slowly and Afterglow. The album is 51 minutes of passionate melodies and soothing chord progressions.

It is simply magical how Colley creates his music 'live' with breathtaking artistry. There aren't any re-takes, do-overs, or manipulation of audio tracks so predominant in modern music.

Listeners of *Glow* report that it is possible to have consistently productive, upbeat, and grounded days with less stress, anxiety and pain while viewing and listening to the dynamic and beautiful intonations.

*"Beautiful, beautiful sounds !!!"*  
Mary Jo G.

Colley, a classically trained composer, musician, and videographer created *Glow* for those special and intimate times between two people who care for each other.

*Glow* has already garnered thousands of views on YouTube and can also be viewed on Facebook, Instagram, TikTok and LinkedIn. (YouTube - Complete album and music video <https://www.youtube.com/watch?v=qCEnWxzEn6E&t=59s>)
